CLOUD NETWORK ENGINEER (M/F/D)

The Cloud Network Engineer will have the opportunity to support the growth of our business in a fast-changing environment. As part of the IT Services department, you will support the daily operations of our digital hybrid infrastructure. This opportunity is a full-time CDI contract.

ABOUT THE JOB | What will you do?

As a Cloud Network Engineer, you will be responsible for the following activities:

- Design, create and maintain optimal network and security components and services in our hybrid infrastructure
- Drive optimisation, testing and security to improve Network capability and resilience
- Review and configure network connectivity of Advanzia infrastructure with third-party service providers and partners
- Ensure that proposed solutions by service providers are aligned and conform to Advanzia's infrastructure architecture guidelines
- Participate in the transformation project of IT services and support corporate projects

WHAT WE EXPECT | What are your skills?

- Intercultural competency
- Good customer and service orientation skills
- Ability to learn, understand, and apply new technologies
- Accurate and detail oriented, while keeping the big picture in mind
- Ability to explain technical information in business terms
- Ability to communicate clearly and effectively, both verbally and in writing
- Highly organized, self-motivated, and pro-active
- Good communication skills in English (spoken and written)

ABOUT YOU | What's your background?

- Bachelor's degree in IT, Computer Science, Information Technology Engineering or Networking and Security
- In-depth knowledge of public cloud or hybrid infrastructure
- Strong skills in automation via Bash/shell scripting
- Understanding of Infrastructure/Configuration as Code concept
- Experience in building and configuring cloud network infrastructure (Hubs, VNETs, VLANs, Firewalls...)
- Understanding of infrastructure/application security compliance and remediation activities (i.e. Risk Acceptance, Security Configuration Baseline, etc.)
- Strong skills in solving complex networking problems using appropriate diagnostic and monitoring tools

WHAT WE OFFER | What advantages will you have?

- Competitive compensation package
- Attractive benefits as part of the banking collective agreement
- Wide range of additional advantages such as language courses contribution, health initiatives, employee travel insurance, preferential conditions for Advanzia products, etc.
- Training and development initiatives
- Dynamic and international environment
#TeamAdvanzia
- Participation in various Corporate Social Responsibility (CSR) projects as part of the bank's [Advanzia Plus](#) initiative
