IT INFRASTRUCTURE ENGINEER

The IT Infrastructure Engineer will have the opportunity to support the growth of our business in a fast-changing environment. As part of the IT department, you will play an important role in managing on-premises and cloud infrastructure services. This opportunity is a full-time CDI contract.

ABOUT THE JOB | What will you do?

As an IT Infrastructure Engineer, you will be responsible for the following activities:

- Provide, manage and update Advanzia's on-premises and cloud-based IT infrastructure platform
- Monitor and enhance various IT systems and infrastructure components
- Identify root causes of IT incidents, provide and implement workarounds and permanent solutions
- Participate in IT infrastructure transformation projects, Microsoft Cloud solutions and migrations
- Ensure technical documentation and operational procedures are accurate and up-to-date
- Coordinate technical activities with third party partners
- Work closely with our security officers to ensure system integrity and security

ABOUT YOU | What's your background?

- Bachelor's degree in information technology or equivalent combination of education and significant professional experience (min. 7 years) in a similar position
- Strong experience in managing the following systems and platforms:
 - Enterprise server platforms (Microsoft Windows Server 2016 and above)
 - Enterprise virtualisation platforms (VMware)
 - Microsoft enterprise environment (Active Directory, Entra ID, IGA, GPO, VDI, M365, Intune, SCCM, etc.)
- Solid experience in the following fields:
 - Provisioning and orchestration of cloud infrastructure resources (Azure, AWS, GCP)
 - Information security and governance systems
 - ITIL framework
 - Automation and scripting, e.g. PowerShell
- Good understanding of high availability environments, security and data protection technologies
- Knowledge in Ansible, Terraform or Linux administration can be an asset
- Professional experience in the financial industry, digital banking or fintech would be advantageous
