

MARKETING & DATA ANALYTICS TRAINEE

Kickstart your career in our Marketing & Data Analytics Team!

Are you ready to launch your career at an unconventional digital bank in the heart of Luxembourg? This is your chance!

As the **Marketing & Data Analytics Trainee**, you will play a key role in supporting data-driven decision-making by analysing marketing and business performance metrics, maintaining dashboards and reports, and contributing to ongoing analytics projects across the Product & Growth department.

This opportunity is a **full-time internship** for up to **6 months**. A student **visa or authorisation to work** in Luxembourg is required. Please submit your application in English, including your **CV, motivation letter**, and specify your **availability** (start and end date).

ABOUT THE JOB | Your responsibilities

Dive into data – Support the team by gathering, cleaning, and analysing datasets to uncover patterns, trends and actionable insights.

Work with SQL – Use basic SQL queries to extract and manipulate data from various databases.

Build reports & dashboards – Help maintain and improve recurring reports and dashboards in Excel, Power BI, or other tools to support business decision-making.

Support performance analysis – Assist in evaluating and monitoring key marketing and business metrics.

Assist with ad-hoc analysis – Collaborate on one-off data tasks and small projects that help answer specific business questions.

Contribute to process improvements – Help the team identify ways to improve or simplify data-related processes.

ABOUT YOU | Your background, skills and personality

Fresh grad, student or degree in hand? – You either are enrolled or recently graduated with a degree in marketing, business, economics, data science, or a similar field.

Tech-savvy & adaptable – You are confident using Excel, have basic knowledge of SQL, and pick up new tools quickly. Experience with data visualisation tools like Power BI or similar is a plus.

Comfortable with numbers – You enjoy working with data, have a structured mindset, and pay attention to detail.

Curious & analytical – You are eager to understand how things work, dig into data and uncover insights.

Open-minded – You're curious, adaptable and culturally aware.

Language lover – Fluent in English? Perfect, it's our corporate language! If you also speak French, German, or any other languages, that's a bonus.
