

LOOKING FOR MORE THAN A JOB?

JOIN US!

RISK ANALYST

The Risk Analyst will play an important role in how Advanzia manages a sound risk control framework to meet internal and regulatory obligations. You will actively engage with internal stakeholders and provide quantitative support in risk identification, monitoring and control. This opportunity is a full-time CDI contract.

ABOUT THE JOB | What will you do?

As a Risk Analyst, you will be responsible for the following activities:

- Participate in the development and implementation of the risk control framework
- Ensure that the regulatory and internal risk limits are compatible with the strategy and activities of Advanzia
- Stay up to date on regulatory developments and modify internal processes and procedures accordingly
- Design and continuously improve quantitative risk management and stress testing tools
- Develop and maintain regular risk control reporting, in particular ICAAP and ILAAP reporting, recovery plan, Pillar III disclosure, etc.
- Develop strategic risk management reporting and monitoring of credit, liquidity, operational risks, etc.
- Provide risk-related information for management reports, financial planning, audit and ad-hoc requests
- Perform detailed analyses of operational risk incidents, their underlying root causes and proposed action plans, and follow up on their progress

ABOUT YOU | What's your background?

- University degree in mathematics, economics or similar
- Relevant professional experience in risk management, banking or finance (minimum three years)
- Knowledge of the banking industry, including relevant risk regulation and market practices
- Good command of Microsoft Office (Word, Excel, PowerPoint)
- Experience with different statistical tools and methodologies, particularly Python, R and SQL
